Highlights

Quad Stream technology

Unique X-shaped Quad Stream tip separates flow into 4 water jets, which cover more surface area between teeth and along the gum line. Get a faster, deeper clean without the hassle of string floss.

Pulse Wave technology

Gentle pulses of water keep you going and guide you from tooth to tooth in Deep Clean mode, so you get it right every time.

2 modes, 3 intensities

Choose the clean that suits your smile. Clean mode delivers continuous flow for effective everyday cleaning. Deep Clean pulses for more

thorough cleaning. Adjustable intensity level adapts for comfort.

Complete clean in 60 seconds

Access those hard-to-reach areas with a nozzle that rotates 360 degrees, so that you can use the device in any orientation. Get a thorough 360 clean in just 60 seconds from start to finish.

Fast charging with USB-A to Small Plug cable

Convenient charging with USB-A to Small Plug cable. You can clean for up to 14 days on just one charge.

250 ml reservoir

Reservoir capacity of 250 ml holds enough water for a recommended 60 second clean. Simply twist and remove or use the side-fill door for easy refilling.

Effortless technique

Just point, press and clean for more effective flossing. Aim the tip between your teeth and along the gumline, and let it do all the work for you!

Standard tip for spot cleaning

A standard single-stream tip boosts pressure for spot cleaning and removing food debris when you need it.
